

IN THE SPECIFICATION

Please insert the Abstract, as shown below, at the end of the present specification, after page 36. A clean copy of the Abstract is provided at the end of this document.

ABSTRACT

An antifouling detergent for hard surfaces, which can be used in home to confer an excellent antifouling performance and an ability to prevent re-deposition on hard surfaces in a toilet, a bathroom and a kitchen; and a method of antifouling and washing hard surfaces of toilet bowls, which includes treating the surfaces with an antifouling detergent composition.
